

REMARKS

Claims 5-15 and 31 are pending in this application. By this Amendment, claims 5-15 and 31 are amended and claims 1 and 3-4 are canceled without prejudice or disclaimer. Reconsideration based on the amendments and the following remarks are respectfully requested.

I. §112 Rejection

The Office Action rejects claims 3-4 and 6-15 under 35 U.S.C. §112, second paragraph, as being indefinite. Specifically, the Office Action asserts that the feature "a network interactive display device according to" lacks sufficient antecedent basis. Applicants respectfully submit that the claims as amended obviate the rejection. Withdrawal of the rejection is respectfully requested.

II. The Claims Define Allowable Subject Matter

The Office Action rejects claims 1, 3-5, 7-9, 12, 14-15 and 31 under 35 U.S.C. §103(a) as being unpatentable over Shigeta (U.S. Publication No. 2001/0050679 A1). The Office Action rejects claims 6 and 10-11 under 35 U.S.C. §103(a) as being unpatentable over Shigeta in view of Matsumoto et al. (U.S. Patent No. 6,473,088). The Office Action rejects claim 13 under 35 U.S.C. §103(a) as being unpatentable over Shigeta in view of Mondal (U.S. Publication No. 2003/0110244). The rejections are respectfully traversed.

Applicants respectfully submit that the claims as amended obviate the rejection. Specifically, the cited art of record fails to teach or suggest designating a capture area by displaced status management file, and receiving image data of the designated captured areas from terminals, then displaying the image data in its display. These features now claimed, offer, among other advantages, a device that can display only the desired part of the screen of the terminal display. The disclosures of the cited art of record fail to provide such advantages.

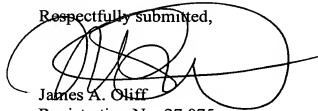

By the foregoing, Applicants respectfully submit that the cited art of record fails to teach or suggest currently claimed combination of features. Withdrawal of the rejections is respectfully requested.

III. Conclusion

In view of the foregoing, it is respectfully submitted that this application is in condition for allowance. Favorable reconsideration and prompt allowance of the claim are earnestly solicited.

Should the Examiner believe that anything further would be desirable in order to place this application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,

James A. Oliff
